DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3 and 5-22 are allowed.
2. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1-3 and 5-21 is because the prior art does not teach a method for predictive maintenance of an operating component that includes extrapolating the time pattern of the combination of the first and second value and comparing with the given reference data. The primary reason for the allowance of claim 22 is because the prior art does not teach a method of working and automatic machine that includes a first experimental curve, which extrapolates the time pattern of the first value, is determined and a second experimental curve, which extrapolates the time pattern of the second value is determined.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
